

Serviced Office Space India

4th Floor

Gurugram 122022

Nestled within the distinguished locale of Tapasya One, a LEED GOLD-rated building, Gurugram offers a tapestry of connectivity options via road and metro, ensuring swift access to its vibrant surroundings. Positioned a mere 400 meters from the Sector 55-56 Rapid Metro Station, this area serves as a nexus of transportation convenience. Its seamless integration with all major micro-markets of Gurugram facilitates effortless navigation throughout the city. Within a generous 2-kilometre radius, a myriad of amenities await, including opulent 5-star hotels, state-of-the-art hospitals, and sprawling malls, enriching the urban landscape with unparalleled convenience and vibrancy, catering to the diverse needs of residents and businesses alike.

The workspace, a key brand under Magnolia Quality Development Corporation Limited (MQDC), a global property development organization established in 2006 and headquartered in Bangkok, is renowned for its 'smart city' approaches that significantly reduce environmental impact while catering to dynamic urban lifestyles. The workspace's first project is in India, drawn by the country's youthful demographics and strong start-up culture, and aims to transform India's co-working segment with innovative facilities and services for students, young professionals, and entrepreneurs. The flagship workspace offers a world-class infrastructure with amenities such as desk spaces, meeting rooms, a premium café, and an event space. Additionally, The Workspace provides mentoring and incubation support to budding entrepreneurs as well as professional skill development and recreational workshops.
