

Serviced Office Space India

Vata A 194 & 195

Noida 201309

Sector 63 is the heart of the industrial hub in Noida. With thousands of manufacturing facilities around and a special IT hub based just across the road provides a fantastic array of opportunities just a stone's throw away. With great public transport accessibility and ample parking spaces all around, you will never be shy of comfort to travel. Last mile connectivity from the nearest Metro station is provided by Electric Powered Taxis and the station itself is within walking distance. Fortis Hospital and Kailash Hospital, both best hospitals of Noida are within 5 mins driving distance along with a great selection of recreational spaces and multi-location restaurant & fast-food chains are close by.

The centre brings in a new era of 'Green' working which aims to create an ecosystem which supports growing & developing businesses and fostering better human performance through detailed focus on various aspects of client's workspace. This Ecosystem is based on the 5 E's of working, Ergonomic, Efficient, Economic, Easy & Environment Friendly. The workspaces are lively with business grade amenities & services. These are professionally designed to be comfortable, affordable, and more sustainable using fewer natural resources like Water, Air & Energy. With Industrial Grade Air Purifiers & Fresh Air introduction in working halls, we can achieve a cleaner and better indoor air quality in the prevailing polluted environment throughout North India.
